

## **Social Media Policy**

Social media is becoming a large part of the world we live in and as such at Puss 'n' Boots Day Nursery we need to make sure we protect our children by having procedures in place for safe use.

We use Facebook to share pictures of the activities the children have accessed at nursery. In order to safeguard children we will;

- Ensure all children in the photographs or posts have the correct permissions in place from their parent/carer.
- Not allow others to post on our Facebook Page i.e.: only management can post on the page, only parents/family/carers who have been invited to join the group can view and comment on the posts
- Monitor comments on all posts and address any concerns immediately

### **Staff use of social media**

We require our staff to be responsible and professional in their use of social networking sites in relation to any connection to the nursery, nursery staff, parents or children.

- When using social networking sites such as Facebook staff must:
- Not name the setting they work at
- Not make comments relating to their work or post pictures in work uniform (unless permission is sought from management)
- Not send private messages to any parents/family members
- If a parent ask questions relating to work via social networking sites, then staff should reply asking them to come into the setting or contact the manager
- Ensure any posts reflect their professional role in the community
- Report any concerning comments and questions from parents to the manager/safeguarding lead
- Follow the staff behaviour policy
- Not post anything that could be construed to have any impact on the nursery's reputation or relate to the nursery or any children attending the nursery in any way
- If any of the above points are not followed then the member of staff involved will face disciplinary action, which could result in dismissal.

## **Parents and visitor's use of social networking**

We promote the safety and welfare of all staff and children and therefore ask parents and visitors not to post, publically or privately, information about any child on social media sites such as Facebook. We ask all parents and visitors to follow this policy to ensure that information about children, images and information do not fall into the wrong hands.

We ask parents not to:

- Send friend requests to any member of nursery staff
- Screen shot or share any posts or pictures from the nursery social media platforms (these may contain other children in the pictures)
- post any photographs to social media that have been supplied by the nursery with other children in them (e.g.: Christmas party photographs or photographs from an activity at nursery)

We ask parents to:

Share any concerns regarding inappropriate use of social media through the official procedures (please refer to the complaints procedure)
